

CASIO

A perfect store solution with the TK-810 electronic cash register

The CASIO TK-810 electronic cash register with superb functions and durable body is designed and built to efficiently manage a wide range of store operations.

- Durable 58mm width dot-matrix printer for long-term use
- Programmable full-flat keyboard for flexible key layout and quick keyboard operation
- Instant switchover to daylight-saving time
- Important preset parameters to EEPROM for secured data storage
- Conformity with the EURO currency system
- Conformity with the Australian GST

TK-810

Highlighted Features

Instant switchover to daylight-saving time

By pushing a few keys, your standard time can be switched over to the daylight-saving time, and vice versa.

Check tracking/Clerk interrupt

The check tracking/clerk interrupt system can be selected in either "Detail" or "Non-detail" mode.

Calculator function

The calculator mode allows the TK-810 to become a 10-digit calculator. Simply turn the mode key to "CAL" and you can use it as calculator. Calculation results will not affect any totalizers.

Conformity with the EURO currency system/the Australian GST

The EURO function can automatically convert amount in local currency to amount in EURO currency with the symbol printed, and vice versa. The drawer and keyboard are also designed to meet the specific requirements. Specific functions for the Australian GST are also available.

Preset parameters to EEPROM

Important preset parameters of the TK-810 can be permanently protected by built-in EEPROM from loss of memory backup power or damage to the cash register.

Other notable features

- Cash, charge and check as payment media. Charge key can be freely set for the charge function.
- Tax calculations by Add-in and Add-on methods
- 8 Departments (maximum, default setting; 4)
- 300 PLUs (RAM128KB required for detailed PLUs. 90 PLUs come as standard.)
- 20 Clerks (20 clerk secret numbers. 2 commission rates and totalizers for each clerk.)
- One-shot error clear
- Receipt ON/OFF by preset function key
- Spooling function (with 8 keys buffer)
- Programmable full-flat keyboard
